## **SIMPLY MIDWIFERY**

### **Colby**

My name is Jen, and I'm a Certified Professional Midwife serving Northwest and Southwest Kansas families. I provide complete prenatal care, labor and delivery care at home, and postpartum care for mother and baby. I love what I do and feel honored to be a part of the journey of welcoming another life into this world. I believe it is important for families to have informed choice in any and every area of care. Although I do not give vaccines, I want families to have good sources of information for whenever that have to make that decision in

the future and for when they will need to defend their reasons for making such choices.
